THE TRAP: You receive an email telling you to "click here" to verify your account.

YOUR DEFENSE: Hover over the link (don’t click!), or for a touchscreen, press and hold the link (don’t tap!) to reveal the actual URL address. (Look in the bottom left corner of the browser window.) Don’t click on links unless they go to a URL you trust.

Not sure if it’s a phish? Drop us a line! consult@berkeley.edu or 510-664-9000
