# FIGHT THE PHISH

Since emails can be spoofed, it's a good habit to “float” your cursor over an address to confirm before replying. If the email doesn't match the sender's name, report it.

---

Report phishing attacks using the bMail web interface:

Open the message

To the right of 'Reply' arrow, select 'More' (typically denoted with three vertical dots)

Then 'Report phishing'

If you are unable to log into bMail forward the message to [phishing@berkeley.edu](mailto:phishing@berkeley.edu)
