FIGHT THE PHISH

Emails that create urgency and fear are usually fake. Look at the whole email, is it really coming from your supervisor? If it's suspect, make sure to report it properly.

Report phishing attacks using the bMail web interface:

Open the message
To the right of 'Reply' arrow, select 'More' (typically denoted with three vertical dots)
Then 'Report phishing'

If you are unable to log into bMail forward the message to phishing@berkeley.edu
