Review list of apps

Some applications install gratuitous network services that are either not required or are configured to provide network access when only local access is required. Uninstall programs that do not have an University business or educational need.

1. **Settings > Apps**

2. **Review the list of installed programs. Click the checkbox next to the program name to uninstall the program.**

3. **Under Overview, check that "No harmful apps found" and "All apps up to date" are displayed.**
